

SOLERO® BASTO PRO

How does one look at your terrace from afar? The remarkable and robust appearance of the Basto radiates taste and quality. The unique character of this parasol, operated very smoothly with its detachable winch, adds a great deal of appeal.

A sleek design with straight lines, that also looks marvelous while looking upwards to its eight stylishly decorated ribs. And it's a big one, as the squarely designed Basto is available in the sizes **400x400 cm** and **500x500 cm**. The Basto is equipped with a telescopic mast, that means the mast slides down when being opened, and up when being closed. This allows the parasol to open and close above a table. A large advantage for hospitality entrepreneurs because tables and chairs don't have to be constantly moved when opening or closing the parasol. The frame of the Solero Basto is made out of high quality aluminum. It's relatively lightweight and is very strong, the material also lasts against corrosion and is recyclable.

CARE-FREE AND MAINTENANCE-FREE

The colorfast O'Bravia canvas with 300 gramss thickness is especially robust and guarantees years of worry- and maintenance free enjoyment. This large surface is easy to operate. Sometimes style and efficiency do go very well together. Even after several seasons the parasol will not discolor. The frame is made of a heavy aluminum construction and if you require it can have gutters attached to protect against the rain.

TAKE CONTROL

The control rod allows the operation of the winch, it applies pressure to the cables or relieves it. By why a removable control rod? Especially in hospitality it's a good idea to remove the control rod from the parasol so it can't easily be stolen, or have unauthorized people operate the parasol.

YOUR LOGO IN THE SUN

Would you like your company name or logo in the spotlight? That's possible. The canvas of the Basto hospitality parasol is perfect for printing on. When purchasing the Basto you'll receive a gray protective cover free of charge, which is equipped with a dirt- and water resistant coating and a modest logo.
